**Information about the current situation and expected impacts due to COVID-19,
19.03.2020**

Dear valued customer,

The current situation caused by COVID-19 has multiple consequences in all aspects of our daily life. It also faces us, as a company, with major challenges regarding both our customers and our employees who remain our top priorities.

It's not just the playgrounds and public areas, restaurants and theaters that have to shut down, but also the companies, their partners and suppliers that need to shoulder a tremendous amount of responsibility these days.

As your loyal and trustful partner we take our part in your supply chain very seriously. Therefore please be informed that Magnetec does everything within its power to ensure minimal disruption in your supply chain caused by COVID-19.

Nevertheless due to unforeseeable events in our own supply chain and also unpredictable circumstances at our employees' families please be aware of unspecified delays in our deliveries at least for the upcoming weeks.

We kindly ask for your understanding and wish you all the very best for you and your families.

Please do not hesitate to contact us at any time should you have any further questions.

Sincerely your
Magnetec-Team
